Upcoming TIBBS-Sponsored Events

Friday March 11. 12:00 to 1:00 in Bioinformatics 1131
How researchers and clinicians are collaborating at UNC to meet unmet needs in HIV/AIDS
Charles van der Horst, MD, Kristina Abel, PhD, and HIV advocate, Ethel Ruff will discuss challenges and successes in preventing maternal-fetal HIV transmission.
Click here to register. Lunch will be provided.

Wednesday March 16th
Free one-on-one sessions with Career and Life Coach, Denise Saunders
Confused about careers? Life’s got you down? Struggling in the lab or at home? To request a slot please email Patrick (pdb@unc.edu)

Thursday March 17th on the MBRB lawn
TIBBS Monthly Social - Krispy Kreme Donuts!

Wednesday March 23rd. 4:00 to 5:30 in Bondurant G030
Tips and trick for using MSWord to format your dissertation
Click here for more information and to register (Waitlist only)

2nd Annual TIBBS Postdoc Bootcamp, April 7th at the Aloft Conference Facilities
For more information and to preregister click here

PLEASE NOTE DATE CHANGE
Wednesday April 27th. 9:00 to 10:00 in MBRB G202
Career Opportunities in Biotech and Drug Development
Dr. Toby Freedman will be on campus to talk about bench and non-bench career opportunities in biotech and big pharma and how to get your foot in the industry door.
Click here to register
Impact the Next Generation of Scientists...
Sign up to be an NC DNA Day Ambassador!

April 15, 2011

Sign up → ncdnaday.com

What’s in it for me?

• **Outreach:** Visit a North Carolina high school science classroom on (or around) April 15, 2011.

• **Teaching Experience:** Present an engaging lesson related to genetics and genomics.*

• **Impact:** Share information about your own research and what it’s like to be a scientist. Inspire a future scientist!

• **FUN!** Seriously.

*Presentation and supporting materials will be provided for you along with a gas card to pay for your travel. For more info on available lessons, visit ncdnaday.com.

**“DNA Day is a wonderful opportunity to demystify the image of a scientist. We can show students that we are not crazy people walking around with wild hair and beakers containing colored bubbling liquid that is about to explode, but that we are people who truly want to make a difference to help society, and hopefully, encourage some of them to join the cause. I am honored to be a part of DNA Day.”**

- Michael Johnson, UNC-Chapel Hill Graduate Student

Sponsored by the Science, Training and Diversity Group
Office of Graduate Education - UNC School of Medicine
Pioneering Postdoc Programs

Your postdoctoral training period is the ideal time to hone your skills and get needed experience that will make you the perfect candidate for the career of your choice.

There are many unique postdoc programs that train fellows in a variety of in-demand skills and these training opportunities are often shorter and more structured than the traditional academic postdoc. They teach a specific skill set and can be a fast track to a “real job” afterwards. Each month in the TIBBS Times we’ll highlight a different fellowship opportunity.

AAAS Science and Technology Policy Fellowships

The Science & Technology Policy Fellowships are opportunities for professional development and public service. They are operated by AAAS as part of its mandate to “advance science and serve society.” The aim is to foster scientifically informed, evidence-based policy and practice by engaging scientists and engineers from a broad range of disciplines, backgrounds and career stages to directly contribute their knowledge and analytical skills to the federal government; to learn first-hand about policymaking and implementation at the federal level; and to build leadership for a strong S&T enterprise that benefits all people.

Salaries start at $74,000

Click here for the program website
Fellowship areas

Where on Campus is That??

If you're one of the first ten PhD students to correctly identify the location of this picture on UNC campus you'll get a free king size candy bar!

Email your guesses to pdb@unc.edu.
Good luck!

March 2011 Seminars (page 1 of 4)

March 2nd
“Chemical Tools to Monitor and Manipulate the Immune System”
Presented by Dr. Tom Kodadek, Scripps Florida. Sponsored by the MedChem Seminar Series. Held in 125 Chapman Hall at 12pm.

“Paclitaxel-Fatty Acid Conjugate Nanoparticles for the Treatment of Metastatic Breast Cancer”
Presented by Ping Ma, UNC-CH. Sponsored by the Division of Molecular Pharmaceutics. Held in 1001 Kerr Hall at 4pm.

“Population-Level Quantification of Blood-Brain-Barrier Dynamics in Multiple Sclerosis”
Presented by Ciprian Crainiceanu, PhD, Johns Hopkins University. Sponsored by the Biostatistics Seminar Series. Held 1301 McGavran-Greenberg Hall from 3:30pm to 4:30pm.

March 3rd
“Circuits Controlling Cortical Development and Plasticity”
Presented by Patrick Kanold, PhD. Sponsored by the Neuroscience Center Seminar Series. Held in 1131 Bioinformatics at 12:30 pm.

March 4th
“Microtubule Severing Enzymes in Mitosis, Migration and Morphogenesis”
Presented by Dave Sharp, PhD, Associate Professor of Physiology and Biophysics, Albert Einstein College of Medicine. Sponsored by the Genetics and Molecular Biology Seminar Series. Held in G100 Bondurant Hall at 12pm.

March 8th
“From the Structure and Function of the Ribosome to New Antibiotics”
Presented by Thomas A. Steitz, Ph.D, Yale University. The Inaugural Oliver Smithies Nobel Symposium. Held in MBRB Auditorium G2204 from 3pm-5pm.

“Regulation and Modulation of Alternative Splicing”
Presented by Zefeng Wang, UNC Chapel Hill, Dept. of Pharmacology. Sponsored by the Dept. of Pharmacology. Held in MBRB G202 from 4pm-5pm.

“Novel Approaches to Overcoming Endocrine Therapy Resistance: The Importance of the Host”
Presented by Matthew P. Goetz, MD, Mayo Clinic College of Medicine. Sponsored by the IPIT Seminar Series. Held in 1131 Bioinformatics Auditorium at 4pm.

“Regulation of Metabolism by Drosophila Nuclear Receptors”
Presented by Carl Thummel, Professor of Dept. of Human Genetics, University of Utah. Sponsored by the Dept. of Biology. Held in 201 Coker Hall at 4:00pm.

March 10th
“Direct conversion of somatic cells into functional neurons”
Presented by Marius Wernig, MD. Sponsored by the Neuroscience Center Seminar Series. Held in 1131 Bioinformatics at 12:30pm.
March 2011 Seminars (page 2 of 4)

“Carolina Innovations Seminar”
Sponsored by the Office of Technology Development. Held in room 014 Sitterson Hall from 5:30pm to 6:30pm, with networking session afterwards at Top of the Hill from 6:30pm to 8:30pm.

March 11th
“Circulating Tumor Cells and Thrombosis”
Presented by Owen McCarty, PhD, Oregon Health and Science University. Sponsored by the Thrombosis and Hemostasis Seminar Series. Held in the LCCC Pagano Conference Room from 11am-12pm.

March 14th
“Title TBA” Presented by Yvonne Dragan, AstraZeneca Pharmaceuticals, Wilmington, DE. Sponsored by the Dept. of Toxicology. Held in 1131 Bioinformatics Building at 4:00pm

March 15th
“Structure-function of the Ryanodine Receptor by Cryo-Electron Microscopy”
Presented by Montserrat Samso, Virginia Commonwealth University. Sponsored by Gerhard Meissner as part of the Biochemistry and Biophysics Seminar Series. Held in MBRB G2204 from 11am-12pm.

“The Role of the LAT in Regulating HSV-1 Latent Gene Expression and Reactivation”
Presented by David Bloom, PhD, University of Florida College of Medicine. Sponsored by Dept. of Microbiology and Immunology Seminar Series. Held in 1131 Bioinformatics Auditorium at 9:30am.

“Flipping the Anaphase Switch”
Presented by David Morgan, department of physiology, dept. of biochemistry and biophysics, Univ. of California, San Francisco. Sponsored by the Dept. of Biology. Held in 201 Coker Hall at 4:00pm.

March 16th

“Role of Intestinal Apical Cation-selective Transporters on Oral Absorption and Pharmacology of Metformin in Db/db Mouse”
Presented by Chester Costales. Sponsored by the Division of Molecular Pharmaceutics. Held in 1001 Kerr Hall from 4:00-5:30pm.

“Modeling Left-truncated and Right Censored Survival Data with Longitudinal Covariates”
Presented by Jane-Ling Wang, PhD, Dept. of Statistics, University of California, Davis. Sponsored by the Biostatistics Seminar Series. Held 1301 McGavran-Greenberg Hall from 3:30pm to 4:30pm.

March 17th
“Toward Responsible Inclusion of Pregnant Women in Research”
Presented by Anne Lyerly. Sponsored by the Research Ethics Grand Rounds. Held in 219 Brinkhous-Bullitt at 12pm.
“Restricting Apoptosis: the art of being a mature neuron”  
Presented by Mohanish Deshmukh, PhD. Sponsored by the Neuroscience Center Seminar Series. Held in 1131 Bioinformatics at 12:30pm.

March 18th  
“The X Effect: Dosage Compensation in Mammals”  
Presented by Christine M. Disteche, PhD, Professor of Pathology, University of Washington. Sponsored by the Genetics and Molecular Biology Seminar Series. Held in G100 Bondurant Hall at 12pm.

March 21st  
“Title TBA”  
Presented by Dr. Bevin Engelward, Biological Engineering, MIT. Sponsored by the Dept. of Toxicology. Held in 1131 Bioinformatics Building at 4:00pm.

March 22nd  
“G Protein-Coupled Receptor Heteromerization Leads to Distinct Signaling: Implications for Drug Development”  
Presented by Lakshmi Devi. Sponsored by the Dept. of Pharmacology as part of the pharmacology seminar series. Held in 1131 Bioinformatics Auditorium from 4pm-5pm.

March 23rd  
“Trends in Therapeutic Antibodies”  
Presented by Kasemsiri Chandarajoti, UNC-CH. Sponsored by Chemistry Department Seminar Series. Held in Chapman 125 at 12:00pm.

“Development of w/o microemulsion for oral administration to target peptide to the colon”  
Presented by Dongyun Liu, UNC-CH. Sponsored by the Division of Molecular Pharmaceutics. Held in 1001 Kerr Hall from 4:00-5:30pm.

March 24th  
“RNA Regulatory Maps in Brain Disease”  
Presented by Robert Darnell, MD, PhD. Sponsored by the Neuroscience Center Seminar Series. Held in 1131 Bioinformatics at 12:30pm.

March 25th  
“Anticoagulant Activity of Alternatively Spliced Forms of Tissue Factor Pathway Inhibitor”  
Presented by Alan Mast, PhD, Blood Research Institute, Blood Center Wisconsin. Sponsored by the Thrombosis and Hemostasis Seminar Series. Held in the LCCC Pagano Conference Room from 11am-12pm.

“The View From Up Here: New Perspectives on Thymus Organogenesis”  
Presented by Nancy R. Manley, PhD, Professor of Genetics, University of Georgia. Sponsored by the Genetics and Molecular Biology Seminar Series. Held in 321 MacNider Hall at 12pm.
March 2011 Seminars (page 4 of 4)

March 28th
“Title TBA” Presented by Dr. Craig Carson. Sponsored by the Dept. of Toxicology. Held in 1131 Bioinformatics Building at 4:00pm

March 29th
“Gene Loops and RNA Pol II Transcription”
Presented by Micheal Hampsey, Robert Wood Johnson Medical School. Sponsored by Brain Strahl as part of the Biochemistry and Biophysics Seminar Series. Held in 1131 Bioinformatics from 11am-12pm.

“The Chemotaxis Signal Transduction System of Helicobacter Pylori and its Role in Disease”
Presented by Karen Ottermann, PhD, University of California, Santa Cruz. Sponsored by the Microbiology and Immunology Seminar Series. Held in 1131 Bioinformatics Auditorium at 9:30am.

“mTOR Signaling in Cancer and Metabolism”
Presented by Brendan Manning, Harvard University. Sponsored by the Dept. of Pharmacology. Held in 1131 Bioinformatics Auditorium from 4pm-5pm.

“Large-scale Chromatin Structure and Dynamics”
Presented by Andy Belmont, Professor in Dept. of Cell and Developmental Biology, University of Illinois. Sponsored by the Dept. of Biology. Held in 201 Coker Hall at 4:00pm.

March 30th
“Effects of Protein on Protein Diffusion”
Presented by Yaqiang Wang, UNC-CH. Sponsored by Chemistry Department Seminar Series. Held in Chapman 125 at 12:00pm.

“Lipid Based Cancer Vaccines”
Presented by Beth Vasievich, UNC-CH. Sponsored by the Division of Molecular Pharmaceutics. Held in 1001 Kerr Hall from 4:00-5:30pm.

March 31st
“Morphogenesis and Cell Migration in the Forming Zebrafish Brain”
Presented by Cecilia Moens, PhD. Sponsored by the Neuroscience Center Seminar Series. Held in 1131 Bioinformatics at 12:30pm.
March 2011 Workshops and Events (page 1 of 5)

March 4th
Legal Seminar for International Postdocs
Sponsored by the Office of Postdoctoral Affairs. Held in Bioinformatics Auditorium 1131 from 10:30am – 12:30pm. For more information: https://www.google.com/calendar/render?eid=bnmI0azcwdml0bGRxaWZ0azIwdHBhMDJmZTQgdW5jcG9zdGRvY3NAQbQ&ctz=America/New York&sf=true&output=xml

March 8th
Women in Science Lecture
Presented by Joan Steitz. Sponsored by the Office of Postdoctoral Affairs. Held in Bioinformatics from 11am-12pm.

Oliver Smithies Nobel Lecture
Presented by Tom Steitz. Sponsored by the Office of Postdoctoral Affairs. Held in MBRB Auditorium from 3pm -5pm.

March 9th
Breakfast with Postdocs & Grad Students (Tom & Joan Steitz)
Sponsored by the Office of Postdoctoral Affairs. Location tba. Held from 8:30am – 10:00am.

Women in Science Lecture—Mentoring Seminar
Presented by Joan Steitz. Sponsored by the Office of Postdoctoral Affairs. Location tba. Held from 11am – 12pm.

March 10th
Aseptic Techniques
The IACUC Aseptic Techniques class is a hands-on wet lab designed to teach students how to maintain a sterile field during survival rodent surgery. This course is mandatory for all Laboratory Animal Coordinators in laboratories performing sterile rodent surgery. All UNC rodent users who will be performing sterile survival surgeries are encouraged to attend. Alternatively, training and certification may be provided through a certified proficient Laboratory Animal Coordinator. Prerequisites: Research Profile, Lab Worker Form, Animal Handler Form, and IACUC/DLAM on-line orientation (http://cfx3.research.unc.edu/iacuc_reg/). Held in Glaxo 148 from 10:00am – 12:30pm. To register: http://cfx.research.unc.edu/res_classreg/reg_person_auth.cfm?event_id=22779&new=1

March 14th
How to Ace Your Interview
Sponsored by University Career Services. Held in 239B Hanes Hall from 4pm – 5pm.
March 2011 Workshops and Events (page 2 of 5)

March 15th

Identifying Funding Sources for Graduate Students in Arts and Sciences and Non-Health Professional Schools
Attend this workshop led by GrantSource Library staff to learn how to find funding sources for advanced study and research.

- **Who:** Carolina graduate and professional students at all levels seeking fellowships, dissertation support, research grants, travel, and other awards.
- **What:** Overview of funding fundamentals and instruction in getting the most out of the library’s online funding resources and databases.
- **Why:** Become informed about funding in general and opportunities in your discipline by creating a customized funding search and an on-going alert. Learn tools and resources to help you develop a funding search strategy leading to a short list of likely funders.

Sponsored by GrantSource Library. Held in 246 David Library from 2:30pm – 4:00pm. For more information and to register: [http://cfx.research.unc.edu/res_classreg/browse_single.cfm?New=1&event=416F1B06EAF72A5C03CC6F43285A1161879F3669](http://cfx.research.unc.edu/res_classreg/browse_single.cfm?New=1&event=416F1B06EAF72A5C03CC6F43285A1161879F3669).

Funding Sources for Students in Health Sciences
Attend this workshop led by GrantSource Library staff to learn how to find funding sources for advanced study and research.

- **Who:** Carolina graduate and professional students at all levels seeking fellowships, dissertation support, research grants, travel, and other awards.
- **What:** Overview of funding fundamentals and instruction in getting the most out of the library’s online funding resources and databases.
- **Why:** Become informed about funding in general and opportunities in your discipline by creating a customized funding search and an on-going alert. Learn tools and resources to help you develop a funding search strategy leading to a short list of likely funders.

Sponsored by the GrantSource Library. Held in 307 Health Sciences Library from 12:30pm – 2:00pm. To register: [http://cfx.research.unc.edu/res_classreg/reg_person_auth.cfm?event_id=22948&new=1](http://cfx.research.unc.edu/res_classreg/reg_person_auth.cfm?event_id=22948&new=1)

Webinar: Grant Writing as a Career

International Coffee Hour
Sponsored by the Office of Postdoctoral Affairs. Held in FedEx Global Education Center, room 4003 from 5pm – 6pm.
March 2011 Workshops and Events (page 3 of 5)

March 17th
Rat Handling and Techniques
The IACUC Rat Handling and Techniques class is a hands-on wet lab designed to teach students basic techniques in rat handling. Techniques taught include restraint, simple injections, bleeding techniques, anesthesia, and euthanasia. This course is mandatory for all Laboratory Animal Coordinators in laboratories working with live rats. All UNC rat handlers are welcome to attend. Alternatively, training and certification may be provided through a certified proficient Laboratory Animal Coordinator. Prerequisites: Research Profile, Lab Worker Form, Animal Handler Form, and IACUC/DLAM on-line orientation (http://cfx3.research.unc.edu/iacuc_reg/). Sponsored by the Office of Animal Care and Use. Held in Glaxo 148 from 10:00am -12:30pm. To register: http://cfx.research.unc.edu/res_classreg/reg_person_auth.cfm?event_id=22784&new=1

Basic EndNote
This Basic EndNote class will touch on the fundamental functions of the EndNote software. Building your library, managing your sources, and inserting your citations into your documents will be the focus of what we will cover. This class is structured for new to beginning users.13 seats available. Sponsored by the Health Science Library. Held in HSL 329 from 3pm – 4pm. To register: http://www.hsl.unc.edu/Services/Classes/classregistration.cfm

March 18th
What to Expect When You’re Expecting
Sponsored by the Office of Postdoctoral Affairs. Held in Carolina Women’s Center, 215 West Cameron Avenue. Time tba. For more information and to register: https://www.google.com/calendar/render?eid=YXI3azAxbW82YzM1amowZWpjiaHRYODYTggNHRjczl0Y2l4ZGhtZnI0OXFibW1mb3ViMXNAZw&ctz=America/New_York&sf=true&output=xml

Weighting and Imputation Methods for Analyzing Incomplete Data

March 22nd
Advanced EndNote
This class is designed as a hands-on workshop for users with some EndNote experience. We will review how to import references most efficiently, using the “Cite While You Write” feature, and some more advanced features such as finding full-text and editing output styles. Please bring your questions.14 seats available. Sponsored by Health Sciences Library. Held in HSL 329 from 10am – 11am. To register: http://www.hsl.unc.edu/Services/Classes/classregistration.cfm
March 2011 Workshops and Events (page 4 of 5)

March 22 (continued)

RefWorks
In this RefWorks class, participants will learn how to create an account, collaborate and share references with a group account, navigate the RefWorks interface, create citations in RefWorks, and organize references. Participants will also learn how to create bibliographies and in-line citations in documents using Write-N-Cite.
30 seats available. Sponsored by Health Sciences Library. Held in HSL 307 from 1pm – 2pm. To register: http://www.hsl.unc.edu/Services/Classes/classregistration.cfm

Myers-Briggs Workshop
Have you ever considered how your personality effects your life? The ways we communicate, make decisions, and process information differs from person to person. Come learn about your Myers Briggs personality type, and how it can help you:
· Select a career field that is a good fit for your personality make-up.
· Develop an appreciation for your personality preferences and the preferences of others.
· Help you better manage the challenges that may rise during the course of your career.
Sponsored by University Career Services. Held in 239B Hanes Hall from 3pm – 5pm.

Mouse Handling and Techniques
The IACUC Mouse Handling and Techniques class is a hands-on wet lab designed to teach students basic techniques in mouse handling. Techniques taught include restraint, simple injections, bleeding techniques, anesthesia, and euthanasia. This course is mandatory for all Laboratory Animal Coordinators in laboratories working with live mice. All UNC mouse handlers are welcome to attend. Alternatively, training and certification may be provided through a certified proficient Laboratory Animal Coordinator. Prerequisites: Research Profile, Lab Worker Form, Animal Handler Form, and IACUC/DLAM on-line orientation (http://cfx3.research.unc.edu/iacuc_reg/). Sponsored by the Office of Animal care and Use. Held in Glaxo 148 from 10:00am -12:30pm. To register: http://cfx.research.unc.edu/res_classreg/reg_person_auth.cfm?event_id=22792&new=1

March 23rd

Tips and Tricks for using MSWord to format your dissertation
Sponsored by TIBBS. Held in Bondurant G030 from 4:00pm – 5:30pm. For more information: http://cfx.research.unc.edu/res_classreg/browse_single.cfm?New=1&event=9F23B143264B8FC7D6C45EA0B91F6C26DAFDD5F4.

The Teaching Portfolio (for graduate students only)
Held in Wilson Library, Room 318 (CFE Conference Room) from 12pm – 1pm. For more information and to register: https://reg.abcsignup.com/reg/event_page.aspx?ek=0052-0006-a630c286b9ae4f128c813e8b08da8674.
March 2011 Workshops and Events (page 5 of 5)

March 30th

Mandatory Breeding Policy Lecture
This course is mandatory for all Principal Investigators and mouse handlers with breeding colonies. The one hour lecture reviews the Institutional policy concerning cage population densities, housing, and breeding mice. Sponsored by the Office of Animal Care and Use. Held in Bioinformatics Building, room 2127 from 11am – 12pm. To register: [http://cfx.research.unc.edu/res_classreg/reg_person_auth.cfm?event_id=22770&new=1](http://cfx.research.unc.edu/res_classreg/reg_person_auth.cfm?event_id=22770&new=1)

Laboratory Animal Coordinator Lecture
The Laboratory Animal Coordinator (LAC) Lecture orients newly appointed Coordinators to the duties and responsibilities of being a LAC. This lecture is mandatory for all newly appointed LAC’s and all Principal Investigators are encouraged to attend. Class size is extremely limited, so newly appointed LAC’s or PI’s are given preferential seating. Please speak with a member of the Office of Animal Care and Use (966-5569) should the class be full, yet you require preferential seating. Sponsored by the Office of Animal Care and Use. Held in Bioinformatics Building, room 2127 from 10:00am – 10:45am. To register: [http://cfx.research.unc.edu/res_classreg/reg_person_auth.cfm?event_id=22774&new=1](http://cfx.research.unc.edu/res_classreg/reg_person_auth.cfm?event_id=22774&new=1)
Cheap Things to Do Around Campus in March (page 1 of 4)

Groupon
Groupon is a website that offers deals on things to do, services, and places to eat in your area.
http://www.groupon.com/raleigh-durham/

Living Social
Offers one deal every day with discounts of up to 90% at local restaurants, bars, spas, theaters, and more.
http://livingsocial.com/deals

Twongo
Twongo was created from the Chinese term, Tuangou, which translates to team buying or group buying. Every day on Twongo we’ll feature a deal at one of the best dining, shopping, or entertainment venues in your area.
http://www.twongo.com/raleigh-durham
