Paid Internship Opportunity: Program Coordinator and Peer Mentoring Director for SURE summer undergraduate research program at UNC: This is a leadership opportunity for graduate students or postdoc trainees interested in supporting diversity in scientific training, mentoring and professional development. The internship will also include opportunities in administration, event planning, program evaluation and higher education.

Time commitment will be limited to 160 hours total during the Spring/Summer of 2023. The dates of the SURE program are late May – end of July, but this position will include preparation for the program beginning in April.

The person in this position will play a significant role in the following:

- interfacing with summer program participants, including helping them acclimate to the campus and lab environment
- pairing students with a graduate student peer mentor and overseeing the mentoring program
- helping with journal clubs and professional development workshops for summer participants
- provide feedback to summer program participants as they develop personal statements, abstracts, research talks, and posters
- administering evaluations, collecting data to review and making suggestions for improvements in future years.

Interested trainees should apply through the ImPACT internship program [https://tibbs.unc.edu/internships/apply/](https://tibbs.unc.edu/internships/apply/). Questions may be addressed to Patrick Brandt (pdb@unc.edu), Mark Peifer (peifer@unc.edu), or Miriam Braunstein (miriam_braunstein@med.unc.edu).
